On August 6, 2006 between the hours of 12:30am and 1:30am, a vehicle driving S/B on Eliseo Drive struck a residents vehicle parked in front of 55 Eliseo Drive, causing damage to the vehicle. The suspect vehicle then entered the center median across from 55 Eliseo striking and felling a medium sized tree and doing extensive damage to the irrigation control system in the area.

A large party was reported that night in the area in the hills North of Bretano Way. The suspect vehicle may have been coming from that party.

The suspect vehicle is a gray or silver late 1980's to early 1990's model Nissan Pathfinder (similar to the one pictured below). The vehicle will have damage to the right front turn signal and moderate front end damage to the front bumper and hood. It will also be missing a gray trim piece mounted in the hood (red square in photo).

Any information regarding the owner of the suspect vehicle, the license plate or the location of the suspect vehicle can be left anonymously with the Marin CHP office for Officer Bartholomew at 415-924-1100 (Mon-Fri, 8am to 5pm).
